

Government of Western Australia
Department of Sport and Recreation

Sport and recreation builds stronger, healthier, happier and safer communities.

Sport and Recreation Career Development Program

The Sport and Recreation Career Development Program aims to equip participants with a better understanding of the sport and recreation industry, increased leadership skills and improved industry networks.

Emerging Professionals

Offered to a maximum of ten employees in Western Australia who have worked in the sport and recreation industry for no more than five years, hold a reasonable level of industry knowledge and display the potential to be a future leader.

The program will provide selected participants with the following:

- Attendance at a specialised industry networking event with representatives from sport and recreation organisations.
- Professional development workshops on varying topics.
- Assistance to complete an official accreditation in their area.
- Attendance at an industry conference.
- A mentor for the duration of the program.
- An official certificate of recognition.

The following will be required of participants throughout the program's duration:

- Attendance at all organised events and workshops.
- Undertake an individual volunteer project.
- Complete a short report and presentation.

Applications close 4pm 14 May 2010

Successful applicants will be informed by June 2010
